THE WORLD NEVER BEFORE SAW ANY OTHER MEDICINE. Hampton's Vegetable Tincture! THE GREAT DISCOVERY OF THE AGE!

READ! READ! READ! Joy to the World !- Hope for the Afflicted !- More

Testimony from Home?

Batamore, Sept. 11, 1851.

Messrs. Mortimer & Moubray: I feel it a duty to make known the benefits I have derived from Dr. Hampton's Tincture. For a length of time I have been subject to great prostration of muscular power, and great debility of the nervous system, accompanied with palpitation and fluttering of the heart. I had such sudden attacks that on one occasion I could scarcely get home. I making mention of my case to a friend, he referred me to Joseph K. Stapleton, esq., an old and highly respectable citizen of Baltimore, who had used the Tincture under similar circumstances. I called on Mr. Stapleton, and, after an interview of some minutes, I was fully satisfied of the medical virtues of the Tincture, from the evidence before me, of his own person, who, for some time previous, indicated a failing state of health, but now a hearty, had appearance, with the activity of youth. I immediately commenced using the Tincture, Testimony from Home! health, but now a hearty, hale appearance, with the activity of youth. I immediately commenced using the Tineture, and, before I took the contents of one bottle, my strength was renewed, and I can walk as brisk and am as active as I was twenty years ago. This Tineture is the grand restorative of the digestive organs, which when destroyed, the whole system is in a state of suffering.

I do assert it is no humbug, but is, in reality, what it is represented to be by Dr. Hampton, the inventor.

Wonderful Cure of Hereditary Scrofula by Hamp ton's Vegetable Tincture! This certificate is from the pen of a gentleman whose name appears on the journal of Congress, one who is exten sively and favorably known:

sively and favorably known:

"It affords me pleasure to state that Dr. Jesse Hampton's Tincture has effected a most extraordinary cure of my slave boy, Albert. The patient was three years old, and had the Scrofula—(his father was scrofulous.) The boy was a moving mass of sores from head to foot; the upper lids of the eyes were much swollen, and turned inside out, exhibiting horrible mattering ulcers that protruded over the eye-balls so at to produce blindness. It is strange, yet true, this child, tha I felt resigned to see die as a relief from suffering, has been red to health under the treatment of Dr. Hampton.
"W. P. THOMASSON. "LOUISVILLE, March 29, 1851."

REV. VERNON ESKRIDGE, U. S. N. Greater weight of Testimony cannot be given.

PORTSMOUTH, VA., Aug. 18, 1851.

Mr. J. B. Boush—Dear sir: While I am, in general, opposed to patent medicines, candor compels me to state that I have great confidence in the virtues of Hampton's Vegetable Tincture. For several months past I have used it in my family: and in dyspepsia, loss of appetite, dizziness, and general debility, with entire success. So far as my experience extends, therefore, I take pleasure in recommending it to the afflicted as a safe and efficient remedy.

I am, respectfully, yours,

Chaplain United States Navy.

Still another Witness for "Hampton's Vegetable Tincture!"

Tincture."

This certificate is from one of our largest and most enterprising farmers—the owner of those splendid oxen exhibited at the late Agricultural Fair, and who, in person, did the ploughing, with the same, that took the premium. We mention this, as, before Mr. Horne took the Tincture, his condition was such as to despair of even visiting the Fair, much less taking such a laborious part as he did, to the astonishment of those who had seen his state a short time before:

BALTIMORE, Feb. 4, 1852.

Messra. Mortimer & Mowbray—Gents: Having been at flicted with Chronic Inflammatory Rheumatism for some time, in its worst form, I tried every remedy that came within my reach, without any success; in fact, my sufferings increased with every new remedy I tried, until I was scarcely able to walk, from the dreadful pains and swelling in my limbs. I had also an ulcer formed on my right wrist, which gave me intense pain.

When in this condition, Mr. Seett, Conductor on the Susquehanna Railroad, with several others, called my attention to the many wonderful cures made by Hampton's Vegetable Tincture. I determined to give it a trial, as a last resort. You well remember my sufferings at the time I got the Tincture from you—they were almost past endurance. I am happy now to inform you that, in a short time after taking it, I was relieved from pain, and could walk without difficulty, and in about four weeks I was enabled to take part in the ploughing match at our late Agricultural Fair. The ulcer on my wrist is now entirely cured, and I am in the enjoyment of the very best health, with no symptoms of my old disease; all of which I feel bound to say I owe to the great thealing and restorative qualities of Hampton's Vegetable Tincture.

My great confidence in it has induced me to recommend it

table Tincture.

My great confidence in it has induced me to recommend it to others, and I have also seen its good effects in a number of cases. My little daughter had been in bad health for some time: no medicine seemed to reach her case, or to do her any good, until I gave her this Tincture of Hampton's, which soon restored her to robust health. I do therefore cheerfully bear my testimony in favor of this valuable medicine, and I wish you to send me a dozen bottles, that I may always have it at hand. Yours, respectfully, ELISEA P. HORNE,

Monckton Mills, Baltimore county.

Stronger—Still Stronger!

Can any unprejudiced mind in the world ask stronger testimony or more convincing proof of the great restorative and curative powers of Hampton's Vegetable Tincture than given below? The writer is one of our most highly esteemed citizens, a man of integrity, and, it is extensively known, has been for a long time suffering under disease; his altered appearance now is a subject of remark, and gives additional testimony and weight to the certificate below. He is also the of of the old Doctor Dunan, whose great skill as a physician is well known to most of the oldest inhabitants of this city:

sician is well known to most of the oldest inhabitants of this city:

Mestrs. Mortimer & Mondbray—Gentlemen: It is with real pleasure that I am able to attest to the general healing and curative powers of Dr. Hampton's Vegetable Tincture. Some time during last November! was taken with a very had and serious cough. I was advised to take Cod Liver Oil, and did so, but, getting no better, I was induced to try your Tincture. I got one bottle, and, before I had used it, all my cough left me. Permit me also to state, that for the last fifteen years I have suffered very much from Acute Rhewnarium and Vertigo, confining me, at times, to my bed. I am fully convinced that I owe my present good health to the use of the Tincture, and a kind Providence.

You are, my friends, at liberty to use this as you may think proper; and believe me yours, very respectfully,

It is extensively known that the undersigned has by the ory and practical experiments so fully demonstrated the practicability of aerial navigation that all who have duly examined the subject are convinced; and no person, even of those whose interests are adverse to its success, can offer a word of rational argument against it. Several model machines have been constructed, and each of them has operated successfully; and one of them, sixteen feet long, carried a small steam-engine, by the power of which the machine was propelled, and, being guided by its own helm, travelled rapidly through the air, even against a breeze of wind, in direct lines or circles, according to the adjustment of its helm. This machine was witnessed and applauded by hundreds in New York and Boston, and notices thereof were published in several newspapers of those cities at the time. Since those experiments were made, the inventor has made additional improvements, whereby the inventor has made additional improvements, whereby the inventor has made additional improvements, whereby the inventor is now parfected. And it appears certain that a safe and durable aerial ship, (or aeroport, leapable of carrying one hundred and fifty passengers at a speed of ninety miles an hour, with more perfect safety than either steamboats or railroad cars, may be constructed for \$15,000, and that the expense of running it will not exceed \$25 per day. This aeroport will make the trip to California or to Europe in two days, and will be patronized with abundance of business (more than 50,000 persons are now ready to engage passages) at \$200 per passage, which will amount to \$20,000 per trip, each way; or \$60,000 per week, besides \$4,006 for carrying mails. If this aeroport is owned in shares of \$6 each, a single share will produce an income of \$20 per week.

It is ascertained, by a minute and careful estimate, that an aeroport 150 feet long, and capable of carrying five persons at a speed of si mar 27-12 CLOTHS, CASSIMERES, AND VESTINGS!

News by this Morning's Mails.

Missouri Democratic State Convention.

St. Louis, April 6. The Democratic State convention met at Jefferson City yesterday. About sixty counties were represented. After a temporary organization, and calling the list of delegates, the convention adjourned till the afternoon.

At the afternoon session, the convention organized permanently by electing John W. Kelley president, Gustavus M. Bower and A. Hunforth vice presidents, and W. H. Graves and J. P. Amart secretaries. Mr. Graves having declined, H. A. Meyer was elected.

On motion, a committee of two from each elecoral district was appointed by the president to report upon credentials, and a similar committee to adjust the basis of representation. Each committee was composed of fourteen members, equally divided between the Benton and anti-Benton men.

Nothing has occurred so far to destroy the harmony of the meeting, and the best feeling prevails. The convention then adjourned till tomorrow morning.

Freshet.

PITTSBURG, April 6.

A freshet has occurred in consequence of the rise in the Monongahela river. There are now 23 feet of water in the channel, and the river rising rapidly. At Brownsville there are 50 feet of water, which has reached within four feet of the bridge, and is still rising rapidly. A rise is expected in the Alleghany, as the rains have been

The Robbery of the Barque Missouri-Disaster.

Boston, April 6. Pittman, the master of the ship Sterling, conicted of plundering the barque Missouri, and Dixey, the master of the Missouri, who had previously pleaded guilty, say that the wreck was

accidental, and the plundering an after-thought.
